## Behind the Business Scene

— by Reynolds Knight —

One of the important economic sounding boards heard from at this time of year is the annual convention of the National Retail Dry Goods Association. This is true because, while most of the time it's the major merchandising units that get their opinions aired, when retailers big and little from all over the country unite their voices the chorus does manage to make itself heard.

These men are not in the position of the great industrial units which have assets so great that their plans can overlook or override an occasional error in future planning. The retailer can't make his community prosper or flounder; he can't move away; he must take what he finds and somehow extract a profit from it.

Hence it is significant that these men reached a consensus of "five per cent better" for 1955 over 1954. Nor were they simply talking optimism to cheer each other up. During and since the meeting, New York has been simply crammed with buyers. Everyone anyone has ever seen on Seventh Avenue is in town. Some of them, still hurting a little from the adverse fall season when the weather was wrong so much of the time, are buying hand-to-mouth, but even those are earnestly lining up resources so they can get in a hurry the merchandise they believe they will sell.

NEW JET PHOTO PLANE — A striking advance in the science of aerial reconnaissance — making pictures of target areas for combat commanders use — was registered this month. The Air Force took delivery of the first modern photo-reconnaissance fighter plane specifically developed for this purpose.

## Rainbow Girls Install Officers In Impressive Ceremony

Seventy-five rainbow girls wearing traditional white gowns, were installed into their respective offices and committees at the Town Hall Friday night. The installation opened with the out-going officers marching in and forming a cross in front of the altar.

Following the impressive ceremony of retiring the jewels, the installing suite was introduced. The suite included Judy Farmer as the Installing Officer; Alma Porter, Chaplain; Marian Hayden, Marshal; Fay Loring, Record-

er; Dolores Johnson, Musician and Sarah Jane Weston, Soloist. Officers were then installed.

Members of the newly installed advisory board are Mother Advisor, Mrs. Eleanor Byam; "Dad", Dr. Ernest R. Brooks, and Mrs. Spaniak, Mrs. Gammell, Mrs. Mitchell, Mrs. Zwick, Mr. and Mrs. Cruwys, Mr. Harrington and Mr. Prescott.

Presentations of a Rainbow Bible and a Past Worthy Advisor's jewel were made to Marian Hayden. Ritual bars and pots of gold were present-

ed to Nancy Price and Ruth Davidson. After the installation had been officially closed, the line officers, Fraternal Club, Mothers' Club, and the girls of the assembly presented Mrs. Castellon, Past Mother Advisor, and her husband with gifts in recognition of their faithful service during the past years.

Guest speaker of the evening was the Rev. George J. W. Pennington, pastor of the First Universalist church. Recognition was given to visiting Past Worthy Advisors and members of Demolay.

### SHORT CIRCUIT

A short circuit reported on Tuesday at 5:22 atop an Edison pole on Water st. proved serious later.

### Bill Seeks Easier Policy On Schools

A bill, H 1736, has been entered on Beacon hill, authored by Lorenz F. Muther of Newton. The bill asks for "reasonable construction standards".

Observers see it as an effort to limit the powers of the present School Building Assistance Board.

The bill calls for a 3-man board, composed of the Commissioner of Public Safety, the Chief of Building Inspection and the administrator, ex-officio, of the Assistance Board.

The policies of Administrator Marshall have been under fire in recent years as demanding "too many costly extras".

### Turn On Lights

## Mothers March 1000 Strong

The famous "Mothers' March on Polio" will climax the 1955 Arlington March of Dimes campaign tonight.

At 7 o'clock this evening, fire whistles, sirens, loudspeakers and church bells will signal the start of the greatest single all-out effort of the drive.

Nearly 1000 "Mothers" will respond to lighted porchlits signifying willingness to contribute to the fight against Infantile Paralysis.

A large group of Auxiliary Police will patrol the streets as escorts to the "Marching Mothers".

Civil Defense "hams" will direct a network of radio patrol cars from headquarters, donated by the Stop & Shop Store at 489 Massachusetts avenue.

Last year the National Foundation spent over \$12,000 on Arlington's 28 polio victims, mostly children.

"Their future is in our hands! Please turn on your porchlight! If no one calls at your home by 8 p.m. please call AR 5-4407," a drive spokesman said.

## Pick Three Local Roads As Evacuation Routes

Three evacuation routes cut through this Town.

These trunk roads were revealed this week in formal plans for evacuation in case of enemy air attack released by the State Dept. of Civil Defense. State director is Col. John J. Maginnis.

Local director here is Police Sgt. Philip A. Sweeney.

### Flee, Not Dive

The latest trend in thought of National and state leaders is that the greatest hope of survival lies in flight away from industrial areas rather than diving into shelters.

Col. Maginnis said present atomic explosions are 1000 times more powerful than the Hiroshima bomb and that shelters are inadequate.

### Startling But Concrete

Town Manager called the 15-page report, complete with maps, "startling, but the most concrete in content I've yet seen" on the subject.

The three evacuation routes are Route 2 (Concord turnpike), Route 2A (Summer st.) and Rt. 3 (Mystic st.)

Col. Maginnis outlined three reasons for the flight program:

1. Bombs today are 1,000 times more powerful than the Hiroshima blast.

2. This expands the area of total devastation so that existing shelters would be inadequate.

3. The Soviets are known to be able to "deliver their atomic stock pile to this country."

### Mass Exodus Possible

To those who believe a mass exodus would be chaotic, Col. Maginnis pointed to the daily one which occurs by workers from Boston between 4:30 and 5:45 p.m.

Without the impediment of crossing traffic which occurs usually, Maginnis believes that Metropolitan Boston can be evacuated now in three hours. Plans for further speed-up are being formulated.

### 2-Hour Warning

This speed-up is essential since the longest warning period is a rather shaky two hours.

Undoubtedly, a practice evacuation will be ordered in the near future.

In another comment Manager Monahan pointed out that people should carry full gasoline tanks all the time. If the real thing should occur, he ventured, gas station attendants are going to flee to pick up their families.

REFRIGERATOR SERVICE for all makes. MILLER & SEDDON, 2089 Mass. Ave. KI 7-8651

### Planning Group Hires Planner

The Joint Planning Committee, formed for the purpose of studying present and potential business areas of the Town and the various influences which affect them, has been in conference with Allen Benjamin of Wayland, a consultant, it was announced this week.

Benjamin has made detailed recommendations concerning the method by which the Committee might undertake studies from which suggestions useful to the Town might be expected.

On last Thursday the Joint Planning Committee voted that he be asked to begin the research and to work with the Committee in developing the factual information. The anticipated work will require an extended period of time, it is said.

"The Committee believes, however, that the studies, developing much information on many factors affecting business in Arlington will provide a background for a number of useful suggestions," a spokesman said.

The Joint Committee is composed of five members of the Planning Board plus four businessmen, three appointed by the Moderator, one by the Chamber of Commerce.

### Truck Strikes Woman

Mrs. Agnes Abidian, 40, of 22 Bates rd. was struck by a truck, owned by a Boston concern and operated by John M. Butler of 97 Overlook rd. on Monday afternoon.

She was treated by Dr. Shea for injuries to her left shoulder and chest.

### Skaters Flaunt Police Requests

Police are being thwarted in their safety efforts by daredevil or foolish skaters.

Acting Chief Ryan said this week that there have been many instances of refusal of skaters to get off the larger ponds when unsafe at the request of police. Skaters on Mystic lakes and Spy Pond are the main offenders, he said.

Ryan appealed to skaters and parents to cooperate in avoiding last year's tragedy when William Tate, a high school student, drowned in icy waters.

Parents may obtain information as to safety of skating areas by calling either the Park or Police departments.

EVENING registration of voters begins Tuesday, Feb. 1, at the Russell and Locke schools, 7:30 to 9 p.m.; Thursday, Feb. 3, at the Highland Fire station and Hardy school, same hours.

"Why can't we always spend more than we make? The Government's been doing it for over 20 years."

## EVENING ALLIANCE

The Evening Alliance of the First Parish church at its regular meeting on Wednesday, enjoyed a fine musical program by eight choral singers under the direction of William Britton.

Mr. Britton and Miss Nancy Warren also gave several piano selections. Refreshments were served.

## Local Man Honored At Fort Devens

Lawrence McCutchen of 24 Wadsworth rd. was one of twenty-six civilian employees, all with over 25 years of federal government service, who received the First Army Emblem Award for long and faithful service at Fort Devens recently during Civil Service Week. He has 29 years' service.

McCutchen's service began with his entry into the Army on Feb. 24, 1925, and was followed by his appointment on Dec. 14, 1944, as a civilian employee at Fort Banks, Mass., and his transfer to Fort Devens on May 21, 1950. His civilian service was interrupted in Feb., 1949, and again in Sept., 1950 for further service in the armed forces. His entire civilian service has been rendered as a Firefighter.

## Young People Give Sermon On Youth

Youth Sunday was observed at the Universalist church last Sunday under the direction of James B. Fisher, minister to youth. Sharing in the sermon were Lyman Judd Jr., Janet Marchant, Marcia Spence and John Francis.

The young people stated that maturity is found in the process of growth, and that there was a need for the continuance of youthful characteristics that are untouched by superstition, prejudice and pettiness. They emphasized the potentials of young people as they use the heritage left to them, tools of insight, love and confidence.

The sermon was concluded with a reading of dedication.

Taking part in the service in addition to those sharing in the sermon were Barbara Norton, Margery Rix, and ushers were William Norton, Bruce Johnson, Jon Peirce and William Creelman.

The sermon to be delivered this Sunday by the pastor, the Rev. George J. W. Pennington, is entitled, "Facts of the Life of Jesus".

## Two Payment Bills By Harris Studied

A bill, entered into the State Legislature by George A. Harris, chairman of the Board of Selectmen, through the Massachusetts Selectmen's Association, comes before the Committee on Public Service this morning.

The bill would set up a study committee of legislators to investigate the phraseology of all state laws pertaining to police and fire personnel as related to other municipal employees. The objective of the bill is to equalize conditions of policemen and firemen throughout the state so that they would not be deprived of benefits allowed to other types of town employees.

At the same time another bill of Chairman Harris comes to the committee the same day. It is to have the General Court pass the same type of bill that, as in the case of the Worcester Tornado, allowed overtime payment to police and firemen. Hurricanes Carol and Edna found local authorities enabled to pay municipal employees overtime but this privilege was barred in the case of police and firemen.

Many of them worked up to 85 extra hours in over two weeks without recompense for the extra work, Harris said.

Since Harris entered the bills in the early part of the winter, the overtime situation has been resolved by a ruling of the Town Counsel that if excess money was in the budget

## Scenery Train

The Boston and Maine Railroad's annual "Snow Scenery Trip", a round-trip excursion from Boston through the White Mountains of New Hampshire, will be made on Sunday, Jan. 30, the Railroad announced this week.

The trip will be made in co-operation with the Railroad Enthusiasts organization, the Railroad said, and this year will follow a new route, running from Concord, N.H., to Woodsville by way of White River Junction and along the Connecticut River to Wells River, Vermont.

The train, a diesel powered special equipped with dining car service, will leave Boston at 9 a.m. Sunday and will return to Boston at 7:30 p.m.

## School Personnel Attend Meeting

The Massachusetts Association of School Secretaries held its first meeting in 1955, on Jan. 8, at the Hotel Bradford, Boston. Guest speaker was James W. Griswold, treasurer of Phillips Exeter Academy of Exeter, New Hampshire. His subject was "Appreciated Office Qualities".

Attending the meeting from Arlington were Edith Anderson, Marie McCulloch and Grace Stafford.

for wages, overtime could be paid in the emergency.

Harris feels that the state laws should cover the situation with greater clarity.

## Colonial Inn Names Chef

The Colonial Inn, Concord, Mass., has announced that Gerald (Gerry) Horan has been appointed as chef. He

Chef Gerald Horan

brings to The Inn a wealth of background and diversity in his trade from his already brilliant young career, according to the management.

Colonial's new chef will continue to maintain the traditional New England "Country Cooking" which is a well established part of the charm and appeal of this familiar old Inn.

Since he began his career in 1936, Horan has worked with some of the best known chefs. His varied experience has taken him to such famous addresses as Bretton Woods, Mt. Washington hotel, The Breakers at Palm Beach, Harbor Point club in Michigan, Wentworth-by-the-sea, the New Ocean House in Swampscott, and the Dolphin Bay club at Sarasota, Fla., to mention some of the most well known.

Loring Grimes Jr. of the Colonial Inn said, "We are proud and pleased to have gained the services of Mr. Horan to maintain the old-fashioned goodness of the food served our guests."

## Mrs. Jones Is 97

Mrs. Laura Balch Jones, one of Arlington's oldest residents, celebrated her 97th birthday on Jan. 18.

The occasion was marked with a small family party in her home, 12 Norfolk rd.

She was born in St. Charles, Ill., and lived in Somerville for more than 50 years. She moved to Arlington about nine years ago.

Her husband, Robert M. Jones, died 11 years ago at the age of 90.

## MRS. MADGE ROBERTSON

The funeral of Mrs. Madge (O'Mahoney) Robertson, 76, of 71 Thorndike st., wife of Peter Robertson, was held on Jan. 18 with a requiem mass in the Immaculate Conception church. She died Jan. 15.

Born in County Kerry, Ireland, Mrs. Robertson lived in Arlington 37 years.

## Symmes Aid Ass'n to Sponsor Dance Program

Mata and Hari, international dance satirists and mimes who will present an evening of danced theatre at Town Hall on Feb. 3 under the auspices of the Women's Aid Ass'n of Symmes Hospital, saw America first as dancing comedians for an internationally famous European troupe. Both were born and brought up in a suburb of Zurich, Switzerland. After four American tours, Mata and Hari, whose real names are Meta Krahn and Paul Ulbricht, decided to become American citizens and to enter the concert field on their own and remained in this country.

Although they have a background of classic training in many dance forms, the spark that sets off their hilarious and highly individual art comes from their own lighthearted viewpoint.

They have appeared from coast to coast in a long list of supper clubs like La Martiniere, the Hotel Pierre and Billy Rose's famous Diamond Horseshoe in New York. They made their bow on Broadway in "The Straw Hat Revue" in a cast which included such other unknowns as Danny Kaye, Jerome Robbins, Imogene Coca, and Anita Loos. They are top favorites on television.

Their preparation for concerts has been long and arduous, since it included study of such widely assorted dance forms as the modern, as represented by the Mary Wigman and Martha Graham schools, the ballet as performed both by the old Russian companies and their American and English descendants, interpretative, Afro-Cuban, Spanish, primitive, acrobatic and tap.

## Wins Science Degree

Miss Jane Wyllie has been awarded a Bachelor of Science degree in medical technology by Colby Junior College, New London, N. H. She received her Associate of Science degree in June, 1953, and has recently completed her year of training at the Worcester City Hospital.

At Colby, Miss Wyllie was active as a member of the Music club, Outing club, International Relations club, and the Worship Commission of the YWCA. She is the daughter of Mrs. Ruth S. Wyllie of 25 Wellington St.

## NAMED PUBLICITY HEAD

Joseph P. Greeley, chairman of the 1955 Heart Fund Campaign in Arlington, yesterday announced the appointment of James Dunbar as publicity chairman.

MATA AND HARI, famous dance team, will appear at Town Hall on Thursday, Feb. 3, under the auspices of the Women's Aid Association of Symmes hospital.

## Harris Authors Bill For April 19 Memorial Stamp

George A. Harris, chairman of the Board of Selectmen, has authored a bill which Congresswoman Edith Nourse Rogers has entered in the 84th Congress.

The bill directs the Postmaster General of the United States to proceed to issue a commemorative stamp, of a denomination of his choosing, on April 19, 1955. The stamp will honor Patriot's Day and will bear a likeness of Paul Revere, according to instructions in the bill.

Harris, through Mrs. Rogers, also requests that the first day of issue of the commemorative stamp be solely at the Arlington Postoffice.

## Proposes Paul Revere

Chairman Harris said, "It is my understanding as a philatelist (stamp collector), that the likeness of Paul Revere has never adorned a United States postage stamp. It is high time that this is done. What would be a better time to issue such a stamp than on Patriot's Day in our town?"

"Back in the early 1920's such a commemorative stamp was issued to honor Concord and Lexington. It is our turn. More men were killed in Arlington on April 19, 1775, than in any other town. It is high time the part Arlington played in the nation's beginnings is known to the rest of the country. When the commemorative stamp is issued, it will always honor Arlington in the country's historical archives of philately."

Congresswoman Rogers, in correspondence with Harris,

### NEW LIFE IN AN OLD STORY

Upon reading this, many will say:—oh, no, not that old, old story again! Yes, it is an old story but it still may come true.

The idea of ripping down the unsightly buildings on Park terrace (at the rear of the business block on the Avenue between Medford and Mystic streets) has come back to life, as we hear it.

Although we have no idea what the Joint Planning Committee has in mind (and neither has any other outsider), we do hear that the Chamber of Commerce has been able to enlist some competent help in pushing this program—at least to a flat yes or no stage.

Reports have it, too, the owner might be willing to remove this unsightly row of buildings if the Town's official future plans were known. By razing, the owner will lose certain tangible revenue from rents.

As it stands now, both sides—the private interests and the public interests—are awaiting the first move of the other. It just may be, the twain may meet.

As we see it, there is about 35,000 square feet of land behind these stores, privately owned, which is going to waste. It is an ideal (but not large) area for off street parking.

Rights of way; a little give and take between private and public property; engineering grades, etc. are involved. Owners and Town officials should just peek at what has been accomplished in Belmont Center. We don't ask them to look as far away as Quincy—just close by.

It's an old story but maybe action is fairly near at hand.

### GENTLEMEN, KEEP PLUGGING

We hope the Board of Selectmen can "bring off" its plan for buses along Massachusetts avenue.

As a minor point, we understand that the development of diesel engines over the recent years has brought the cost of operation of buses below that of trolleys—new style or old.

While a "loop" at Harvard Square remains a problem, the fact is Arlington, by action of the Selectmen, stands at the threshold of great opportunity.

The elimination of trolleys could mean that angle parking may return. Angle parking means about twice as many spots for the convenience of shoppers, churchgoers, bank and library patrons, and civic and social events at the Town Hall.

Honorable Board, keep plugging, please!

### ONE MORE DOLLAR DOUBLES IT

We think it is too bad that the Red Feather campaign in this community fell so far short of its goal. Figures just now released show that instead of reaching its quota of \$30,000, Arlington gave only \$22,187.

Those \$8,000 will be missed. Their lack will undoubtedly result in a cutback in the services which can be offered by such Red Feather organizations as the Boy Scouts, Camp Fire Girls and the Boys' Club—and at a time when the Town can ill afford to lose any ground in its quiet fight against juvenile delinquency here.

The reduction in the amount given is in the face of the fact that the town received better coverage than in other years. More people have been solicited, but the contributions have been smaller.

Many believe that the situation can be explained by taking into account the automatic "dollar givers". With so many fund campaigners ringing our doorbells these days, giving a dollar may have become a passable and respectable way to meet the situation and "save face" without too much cost.

But we can—without unduly straining our budgets—keep our local Red Feather organizations functioning to help ourselves and our children and our neighbors. A good way, we think, would be to give a dollar, and then just one dollar more—so that we would in fact be giving twice as much. Just a little bit more from a lot of us would have meant success. Twice as much would have put us over the top.

That extra dollar would be worth it. Resolve to give two next year!

### UNITED STATES POLL Stevenson Favored By Wide Margin

By Kenneth Fink, Director, Princeton Research Service  
Results of a United States Poll just completed makes one political fact abundantly clear—the nation's Democratic and Independent voters alike would like to see Adlai E. Stevenson nominated as the Democratic candidate for President in 1956.

Survey findings reveal that among rank and file Democratic voters, Stevenson is not only the leading choice for President, but that he polls more votes among the nation's Democratic voters than do all other candidates combined.

Senator Estes Kefauver of Tennessee ranks next in popularity among Democratic voters. Then come Senator Richard Russell of Georgia, Governor Averell Harriman of New York, Governor G. Mennen Williams of Michigan, Governor Frank Lausche of Ohio, Governor Robert B. Meyner of New Jersey, and Senator Stuart Symington of Missouri.

When United States Poll staff reporters presented a list of names to a cross-section of the nation's voters who classify themselves as either Democrats or Independents and asked: "Here is a list of men who have been mentioned as possible Presidential candidates for the Democratic Party in 1956? Which one would you like to see nominated as the Democratic candidate for President in 1956?"

[The Advocate presents the reports of the United States Poll exclusively in this area.]

#### 75 Years Ago This Week

This week that portion of Arlington avenue between Lake and Teel streets has received the attention of the Selectmen and eight very nice street lamps have been set in convenient positions. This result was secured mainly through the exertions of Mr. Walter R. Hilliard, who raised the required amount by subscription.

A large and appreciative audience gathered in Town Hall, Thursday evening, to witness the performance by members of the Universalist church, of the pleasing operetta, "College Ned", and the amusing little comedy, "Our Jeminy". The first piece depicted the downfall of a promising young man, by means of the wine cup, and his reclamation in the end by a lovely young lady.

Class of '06 of Arlington High had a sleighing party, Thursday evening, and no end of a good time. On their return they were entertained at the home of Mrs. Samuel D. Hicks on Pleasant street with a delicious supper. The committee, consisting of Misses Helen Allen, Helen Pettigill and Henry Reed managed the evening with perfect success.

We are informed that some 30 or more people connected with the Baptist church on Crescent Hill have seceded. These persons assembled themselves and then invited the present pastor, Rev. Mr. McCombe, to resign. This he declined to do, feeling that the majority of the society desired him to retain his office. On his refusal, the members withdrew from the church. Such dissensions nad differences in a church are greatly to be deplored, especially in a small and struggling society.

The town plans to accept and condition fewer streets in 1930. The warrant, which was closed Monday night, will call for \$112,728.59 less than was spent last year, when the number of new streets accepted reached the 26 mark. 1930 will see but 19 new streets added to the town list.

Announcement has been made of the gift by Mrs. Cyrus Dallin of two pieces of statuary executed by her husband, famous sculptor and former trustee. They are to be placed in the Vittoria M. Dallin Branch library... The main library is fortunate in already owning two of Mr. Dallin's pieces.

A surprisingly large number of service men braved a New England snowstorm to attend the dance sponsored by the Arlington Girls' Service club at the American Legion hall Tuesday of last week. There were about 60 men present, including a number of petty officers from the Royal Canadian Navy Volunteer Reserves, two of whom were the winners in both dance prizes.

A new plan for a playground at Junior High West which "seems good" may bring conciliation between the Board of Selectmen and School Committee, it was predicted this week. The new plan calls for a multi-purpose, paved play area, 100 ft. by 200 ft., to be constructed at the proposed extension of Appleton pl.

Candidates for Town Meeting member filed in a tremendous rush since last Thursday. By the deadline Town Clerk Golden recorded 147 candidates for 101 openings.

## That Man About Town

By MAT

The way we hear it:—it is possible the finger has been put on some wrong people in the latest morals charge involving a 14-year-old girl. If investigation shows the charges are true, all should face the consequences; if the charges are false, the girl should be made to see the enormity of such wrong.

Up to this writing, there is no change in the Town elections: for Selectman incumbents Harris and Sorensen are being challenged by Coffey for the two spots; for School Committee incumbents Allen and Porteus are joined by Ashton and Kent for the two openings; incumbent Vahey faces Tompkins for the Housing Authority's one spot; incumbent Hauser remains unchallenged for Assessor.

Next Week Monday at 5 p.m. is the deadline. There may be some surprise move but we don't think so.

The situation in races for Town Meeting member brightened this week. Still in poor shape are Precincts 3 and 9.

The 96-article warrant is going to bring forth plenty of oratory. Everybody wants more money, as usual. The school expansion program is staggering; permanent cost-of-living raise is not a minor item; boosts in many categories go on and on.

MAT does not wish his readers to infer that he opposes any of these. Let's have the arguments early, though. He does oppose the present practice of expecting Town Meeting members to make intelligent decisions after debate that same night.

Proposals should be announced in advance in the newspapers. Merely reading the Warrant only gives an idea—not the whole story.

## On My Oath . . . by Frank Caldwell

Believe me, it was some job bringing up nine children. That's the number my mother had, and she did a good job. Whenever we fought together, she'd always tell us to sing. "Sing it," she'd say, and when you tried to sing "I hate you, I hate you, I hate you" or "I'll scratch your eyes out, you mean thing" it got funny, and the fights broke up quickly. Even now, when I get mad, I try to remember to sing "Oh, wouldn't I like to hit you with a brick" in the key of G. That's how I learned to sing.

Even when I was a kid, I was in a singing contest. Another boy and myself. I sang first. They didn't even listen to him. They gave him the prize right away. In later years, I pumped the organ for the choir. I pumped more tunes than the organist knew. Then I graduated. I sang in the choir. In fact that's where I met my wife. She sang in the choir too. I sang tenor. She really was in love with the bass singer, but she married me because I was more high-toned. I even played the organ once in a while. But the monkey died.

So it was with a nostalgic feeling, last Sunday, that I listened to the choir in church.

### ART REGISTRATION

### Act To Speed Up Street Light Repairs

Reports of defective street lights will again be communicated daily to the Edison Company in a new effort to speed up replacement. The present practice has been to accumulate reports of outages until a sufficient number war-

The quartette had a specialty number called "Take A Pill-grim Home." They had a special arrangement that was beautiful. The tenor started with "Take A Pill" . . . then he held the note, while the baritone came in with the same phrase, "Take A Pill" . . . then the other two came in turn and all were singing "Take A Pill . . ." It was rather confusing to me. I thought maybe the bass had bad breath and the others were suggesting sen-sen.

I said to my wife "Should I?" She said, "Should you what?" I said, "Take A Pill." She said "I already took one when I married you." Of course she was joking. I looked at the quartette again.

Then I guess something had happened down to their house, because the baritone started singing about a grim home. Then they all started to sing about the grim home. I guess that's where they were taking the pill. I was going to tell my wife a good joke about a pill, and wondered whether she would swallow it. I started to whisper to her. She broke two ribs nudging me to shut up. Honest, I don't know to this day, whether anyone took the pill or not.

ranted calling the company. The daily report system of years ago will now be resumed by request of the Town Manager and Police Chief.

In October, November and December 362 outages were reported. Of these, 77% were reported by police and 23% by residents.

DISABILITY retirement has been granted to Patrolman Charles J. Tyan as of Sunday, Jan. 30. His retirement pay will be \$2,445.87 plus cost of living bonuses.

ICE SCRAPING on Hill's Pond and Meadow Brook is now being done to improve skating conditions when necessary while at large areas such as the "Res", the ice will be flooded with a thin layer of water.

PLANS are now being made for the laying of the cornerstone of the new Town Hall addition.

Bill Buckley is credited with clinching the Arlington triumph with his second place position in the 50 yard dash. Carl Freyer's winning time of 6.2 seconds in the hurdles was just four tenths seconds faster than any other hurdle run in the three divisions of the meet.

Arlington has scored 44 to 33 against Belmont and 50 to 26 against Cambridge Latin.

## Bilafer Scores Twice In GBI Win

Arlington High School flicked aside Medford for a 2 to 1 victory in the sixth round of the GBI hockey league Saturday afternoon at Boston Arena.

Both goals were scored by Marty Bilafer. The win leaves Arlington in third place.

The game got off at a neutral place with no scoring in the opening period by either side. At the end of the second stanza, the teams were tied one all. Frequent substitutions were made throughout the contest.

Medford drew first blood when Bill Monbouquette swerved away from the side of the net and left a tally at 2:53 on the clock. But a couple of minutes later, Bilafer notched his first goal on a converted John Cusick passout.

In the third period, Gerry Cronin and Bob Leonard assisted Bilafer to his second helping of goals when Leonard

shot a pass to Bilafer who put the puck in deep storage at 5:56 for the only other score of the game.

An abortive attempt to equalize the score by Jerry Day, Medford, was stopped by Bruce Bower.

Jim Moniz was credited with 17 saves against 8 for Bower.

The summary:

Arlington 2—Cronin, lw; Leonard, c; Boyce, rw; Foster, ld; Harrington, rd; Bower, g.

Spares—Riley, Cusick, Bilafer, Delorey, Stewart.

Medford 1—McDermott, rw; Wadman, c; Bova, lw; Marchand, rd; DiVencenzo, ld; Moniz, g.

Spares—LaBella, Vass, Darigo, Monbouquette, Day.

Scores—2nd period, Monbouquette (M) (unassisted) 2:53; 2nd period, Bilafer (A) (Cusick) 4:58; 3rd period, Bilafer (A) (Cronin-Leonard) 5:56.

## AHS Teams Top Watertown Here

The Arlington senior varsity basketball team scuttled Watertown 54 to 39 Friday night at Junior High West gymnasium.

In the preliminary contest, the hosts' junior varsity team downed Watertown—53 to 29.

Arlington played well both on offense and defense in the senior game, snagging most of the rebounds. Watertown fouled a number of times which also became an advantage for Arlington on free throws. Captain Nickie McLaughlin was high scorer with 15 points to pace the win.

In the junior prelim, Jack Young and Paul Parr in concert with teammate "Sonny" Pigott high scored the opposition into the background with team passing.

## Legion Baseball Teams Will Fly

American Legion Junior baseball teams will take to the air this fall.

Players competing in sectional and regional tournaments will fly on regularly scheduled airline flights, it was announced by American Legion Junior Baseball Commissioner Lou Brissie. This will cut transportation time and give players more rest between tournaments, he said.

Area A will have its 1955 Junior Baseball conference at New York City at the Hotel Lexington on January 29. Post 39 Arlington Athletic Officer, Tom Murray, will attend the meeting in New York. Major League scouts will attend this area conference and there will be discussions of 1955 American Legion Junior Baseball rules and possible improvements for 1956.

One of the major rule changes this year will be increase of the maximum age limit for players from 17 years to 17 years and 4 months.

While the top three remained in the same positions last week, Mulcahy passed Clark in a race for 4th spot. Donovan took over 6th place from Sacks with a nice jump from 102.9 to 103.5 in 51 strings.

TOUCHDOWN CLUB

The January meeting of the Touchdown Club was held on Thursday, Jan. 13, at Fresh Pond Restaurant in Cambridge.

Tom Keefe, chairman of the program committee, introduced the guest speaker, Jack Onslow, Red Sox scout and former manager of the Chicago White Sox. Onslow stated that the recent change in managers in the Red Sox organization should bring to Boston a more successful ball club.

Leo MacDonnell presented to President Don Horley the new emblem fitted to the top of the Memorial bell.

Next month's meeting will celebrate the tenth anniversary of the Touchdown Club. Past presidents will also be honored at this affair.

## Woman's Club Hears Talk On Antiques

"An antique is anything that was admired in the parlor by the first generation, ignored by the second generation and put into a museum by a third," said Mrs. Kathleen Blaney in a talk before the Women's Club last Thursday morning.

Mrs. Einar T. Larsen, vice-president and program chairman, introduced Mrs. Blaney, stating that she was a classmate of past president, Mrs. Americo Chaves.

Inasmuch as the field of antiques is very broad, Mrs. Blaney stated she would speak briefly on the types of antiques most frequently found in New England homes, such as Wedgwood, in its various forms, and heavy earthenware pottery, antique and modern.

She exhibited blue-and-white ware of various potters in Staffordshire, England; lustre ware which was first made by the Mohammeds and shipped to England, explaining that there were three kinds of lustre ware — silver and platinum, gold or purple and copper or brown — the silver or platinum being the richest and bringing the highest price.

Glass, she stated, is made up of many materials, not one of which is transparent. Not all Sandwich glass is pressed glass and not all pressed glass is Sandwich glass. Among the items in her display of glassware were a pair of old lamp bases in Sandwich glass, a vase of ruby overlay made of gold in Bohemia and a hand-hammered piece.

Included in her antique exhibit were a number of beautiful shawls and stoles. From Turkey was a stole of gold metal worked on net; from Paris, a stole elaborately embroidered on fine net; from Armenia, a gold shell shawl; from Panama, but originally from India, a white shell shawl.

As Mrs. Blaney draped a lovely Spanish shawl around Mrs. Einar T. Larsen, whom she used as a model, she stated that the Spanish shawl does not come from Spain, but is so named because of the wearing of these shawls by the past grand mistresses in Spain who wear a different shawl for every occasion, the most brilliant being worn at the bull-fighting parties.

A stole of challis with a crimped-wool fringe was most interesting as the fringe was crimped by means of the old-fashioned curling iron for the hair. From the Azores was a gossamer piece of cobweb veiling made from the fibre of the century plant and crocheted with a two-ended crocheted hook. Mrs. Blaney exhibited a brilliantly colored evening cape which had been made from a man's antique Chinese skirt.

The highlight of her lecture was the explanation of how to differentiate between a Paisley and a Cashmere shawl. She explained that the Cashmere shawl is made from the inner coating of hair from goats found in the Himalayan mountains. Because of this inner coating of hair, these goats are different from any other goats in the world. The cashmere shawl is made in segments and its takes four men one day to make one-quarter of an inch of the shawl, many of which are 108 or more inches long and approximately 84 inches wide.

Mrs. Blaney brought her lecture to a close with a touching love story reported to be the origin of the designs found on the Willow ware, the most famous and most popular of all wares.

Coffee hour was at 10:00 a.m. with American Home and Antique committee and Motion

## CHRISTIAN SCIENCE

Divine Love's inexhaustible supply of good for man will be brought out in the Lesson-Sermon entitled "Love" at Christian Science services on Sunday.

Selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include the following (494:10):

"Divine Love always has met and always will meet every human need. It is not well to imagine that Jesus demonstrated the divine power to heal only for a select number or for a limited period of time, since to all mankind and in every hour, divine Love supplies all good."

Among the passages to be read from the Bible is the following from Psalms (103:2-4): "Bless the Lord, O my soul, and forget not all his benefits: Who forgiveth all thine iniquities; who healeth all thy diseases; Who redeemeth thy life from destruction; who crowneth thee with loving kindness and tender mercies."
